

The octophonic sound diffusion system for the ICSC2017 is an 8.2 system consisting of:

- 8 RCF HD 10-A active two-way monitors
- 2 Genelec 7070A active subwoofers (each subwoofer serves four monitors)

The eight main monitors are distributed in a regular octagon, with channel 1 being Front Left (-22.5°), and the rest of the channels 45° apart in **clockwise** direction: -22.5 , 22.5 , 67.5 , 112.5 , 157.5 , 202.5 , 247.5 , 292.5 (0° : front).
